

“Semi-handsfree” stainless steel intercom

Model IC-2007AIB

**Made of stainless steel,
resistant to sterilisation and/or sanitisation.**

2-Button Intercom

1-Button Intercom

Description:

- Electronic board, speaker and microphone protected by double front.
- Power and talk/listen buttons.
- High-traffic metal pushbuttons, with rounded edges.
- Built-in buzzer to receive calls.
- Its excellent sound quality and adequate power allows calls to people who are far from the loudspeaker.
- The electronic part of Intercom IC-2007AIB Security Intercom is distributed in its 2 components. They are linked by means of connectors and terminal blocks, facilitating their installation and making it insensitive to external interference.

Power source
