Power semi-handsfree Security intercom

Most important features:

- 2-way and 3-way communication shifted by the operator.
- ON/OFF and TALK/LISTEN Pushbuttons.
- Transmission and reception internal volume control.
- Integrated buzzer to receive calls from the baffle.
- Intercron Security Intercom Model 2007 is comprised of three components: console, baffle and power supply. They are linked by connectors and terminal boards to facilitate installation and make it insensitive to external interferences.
- Its excellent sound output and adequate power allows calling people distant from the baffles.
- High audio power.
- Easy installation.
